

This week at Surreybrooke, we have many perennials ready to plant. They are well filled out in the pot and a lot of them are in bud and bloom. Buy 6 quart size perennials and get the 7th one free this week.

The cool weather annuals and vegetables in deep market packs are perfect this week for planting in your garden.

We still have our statuary and pottery on sale for certain items.

We have many sizes and prices for planted baskets just in time for Easter giving.

There is still room in our mossy basket workshop on April 16 for you to sign up to make your own basket full of herbs and spring flowers!
